ABOUT ANYA

Anya, which means “different” in Sanskrit, presents sophistication with a splash of Indian panache and contemporary cool in a soaring commercial hub of Gurgaon. Located on the prestigious DLF Golf Course Road, the hotel has a fitting mantra.

“Luxury with the undercurrent of minimalism”.

Renowned architect Alfaz Miller was enlisted to create a unique

kind of DNA for Anya’s façade — a structure that is Crescent-shaped rather than linear. Since the building lot was long and narrow, Miller’s idea for an eye-shaped design stood out from other proposals. Thanks to its sleek, curvy shape, each room differs in size and form. In deference to the surrounding buildings, a sandy palette was chosen for the exteriors.

A MEMBER OF
DESIGN HOTELS™

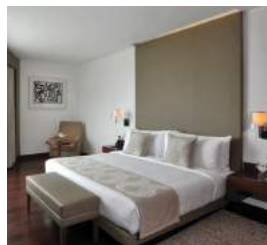

Anya is a proud member of Design Hotels[™] that represents and markets a curated selection of 288 independent hotels in over 50 countries across the globe. More than a collection of hotels, the company is a collection of stories. Each property reflects the ideas of a visionary hotelier, an “original” someone with a passion for genuine hospitality, cultural authenticity, thought-provoking design and architecture.

Our design celebrates works by contemporary Indian masters such as Bose Krishnamachari and Chittrovanu Mazumdar, and commissioned work by Remen Chopra. Combining art and modern architecture, Anya is a design destination in India.

ACCOMMODATION

Rani pink, Indigo blue, Marigold orange, Eggplant purple

all strong colors associated with Indian culture—are found on the bedspreads, while artichoke-shaped chandeliers and flos lamps can be dimmed to control the sensuous mood.
